Instructions for Completing Graduation Plan:

1. Fill in your personal information, including name, UID, email address, intended major, date of plan, and cumulative credits to date.
2. Starting with the CURRENT semester, and continuing with future semesters, complete your plan. DO NOT include past semesters.
3. Make sure to plan for all Benchmark/Gateway courses in the required time frame (see major card and/or benchmark contract).
4. For each semester, complete the plan with your remaining requirements as they are labeled on the major card. DO NOT write specific courses (i.e., write CORE HA, not ARTH 290). This will allow for more flexibility when registering for classes in future semesters.
5. Fill in the number of credits for each class. Most classes are 3 credits. Classes with lab components are usually 4 credits. Some elective courses are worth 1 or 2 credits. For courses with variable credit, please calculate the plan with the lower number of credits.
6. Total the number of credits for each semester in the boxes provided.
7. Total the number of credits for your plan by adding together the cumulative credits to date and total year credits. You may need to include elective credits in order to reach 120 credits.

### Disclaimer:

This sample academic plan is one example of how to complete your degree in four years. It may NOT be submitted as your academic plan plan. This is simply a suggestion and does NOT replace actual advising.

At least 30 credits must be taken at UMD.

The final 30 credits must be taken at UMD.

At least 15 of the final 30 credits are upper level.

At least 12 of the final 30 credits are upper level major courses taken at UMD.

**NOTE:** This sample plan assumes a math placement of MATH 220 or higher, and reflects an extension to benchmark requirements which can only be granted by an ECON advisor. You are required to meet with an ECON advisor to sign your individualized benchmark contract.
