SUMMER RESEARCH OPPORTUNITIES PROGRAM
AT THE UNIVERSITY OF MARYLAND

BSOS Summer Research Initiative (SRI)
Supplemental Application Questions for Review Before Applying

❖ Are you a first-generation college student?
❖ What is your current college or university?
❖ What is your major?
❖ Are you a Maryland resident?
❖ Do you have immediate plans to enter graduate school?
❖ Which highest degree is of immediate interest to you?
❖ Please list up to five college-level research methodology, research design, statistics, and math courses you have taken and the grades you received. These courses should also be reflected on the transcripts you submitted through the BTAA SROP application.
❖ When you apply to graduate school, which one social and behavioral science field is of most interest to you for graduate studies? (African American Studies, Anthropology, Criminology & Criminal Justice, Economics, Geographical Sciences, Government & Politics, Hearing & Speech Sciences, Neuroscience and Cognitive Science, Psychology, or Sociology)
❖ Please visit the BSOS department websites and identify up to three department placements that would be best for you. (African American Studies, Anthropology, Criminology & Criminal Justice, Economics, Geographical Sciences, Government & Politics, Hearing & Speech Sciences, Program in Neuroscience and Cognitive Science, Psychology, and Sociology.)

➢ While we do our best to match students with their preferences, we cannot guarantee it since matches are made on the basis of faculty availability for the summer. For applicants interested in placements in the Department of Hearing and Speech Sciences, the highest priority will be given to those who intend to pursue a research doctorate rather than the clinical M.A. or AuD.

❖ Please visit the BSOS department websites and identify up to three faculty members whose work is of interest to you.

➢ Once again, we cannot guarantee matches with the individuals you list. However, providing us with names and departments gives us information about the types of summer research topics that might be of interest or helpful to you.

❖ Are you still interested in a placement in the BSOS SRI even if we are unable to match you with your specific faculty of interest or project related to the specific topic you described?
❖ Please upload your supplemental personal statement.
❖ Please upload your résumé/CV.
